### The Second Term English Test

**A Strange Night**

It was a cold and stormy night. Everybody went to bed earlier, but I decided to stay in the living room reading my new novel about mystery. Suddenly, something happened in the kitchen, I heard a strange noise. I stood up and went rapidly to see what was happening. Everything was calm and quiet. I came back to the living room and kept on reading my book. When I opened the second page, I heard a noise coming from the front window and a shadow disappearing in the night. Every time I tried to read my book something inexplicable happened. I was trying to find the odd thing that was producing the strange noises but I could find anything**.** It was the strangest night I have ever experienced.
