Class: 3ms **Third Term English Test** **School Year: 2018/2019**

Dear children

I am unhappy, because the environment is in danger. My forests are dying and burning, so many animals can extinct. In addition to this, pollution becomes a major problem. For example, you can see children dropping litter everywhere. So, water and land are getting polluted. Next, cities become bigger and noisier, because factories and transport pollute both air and water. And, that's why people have health problems.

What should you do, now? You should protect nature. You shouldn't drop litter and pollute water. You should recycle litter. You shouldn't use plastic bags. You mustn't kill or hunt animals, because they are our friends. Listen!! Earth is your home! So, what will you do to make nature more beautiful and cleaner?
What will you do to help me?
Please Help!

With love,
Mother Earth.
