The First Term English Examination

Text :

Dear Ali ,

I know you are angry because of your bad marks . I think you shouldn't lose faith and always keep on working hard to improve your results . Let me tell you the story of a man who failed in school but didn't give up .

It's Donald Trump . His father always describes him as a naughty boy .He left school at the age of 13 and joined the New York Military Academy , but he was able to study high school there and graduate with a degree .

He was able to study and work at the same time . He become a very famous businessman . He wanted to be the president of America many times and at last , he was able to win the presidency , last November .

Now , at the age of 70 , he can enjoy and live his dream becoming true . he can do what ever he wants to .

Next January , he will be able to influence the world's history . I think that what matters is not failing but trying over until we get what we are looking for .

Yours,
Jonathan
