First Term Exam

MY DREAM JOB

What do you dream of? You may say it's too private but I'd like to tell you about my dream. My name is Sarah. I am 16. And I live in a small town. I live with my mother. So we don't have enough money to trav And my mum worries about me so much that it's impossible to imagine us apart. You think I complain but I don't. I like to know that there is somebody who cares for me every minute. And I can dream.
My dream is to go somewhere abroad where people speak English.
You know I am pretty good at English. I can communicate in English. I have some friends from abroad and we can talk on the Internet. They tell me about their countries, customs and traditions. I hope my future profession will be connected with travelling, something like an interpreter or stewardess. And I will see all those wonderful things I am told about. That's why I do my best to study English. It's an international language and every modern educated man must know it. Have you ever watched the documentary "Secret"? The main idea of this film is that people's thoughts are material. If you really want something it will come true. That's why every night before going to bed I close my eyes and dream of visiting new places and meeting new people.
