« My childhood memories»

Dear friends,

My name is Maria Wissal, I am a 16 years old, a kind, smart and extrovert girl in na ure My childhood memories are like golden time to me. I know, everyone's childhood is so precious to them. . I can still remember my childhood very much. Many things happened in my childhood days; but I cannot remember all of them.

I can remember my first day at elementary school , My heart began to beat faster when I entered school and I saw that huge number of children but when my father took me to the headmaster's office who welcomed me with his smiling face and gentle words I felt relaxed . it was 8:00 AM , the teacher took us to the class , he asked us to sit down . I will never forget that teacher, since he taught me that honesty and heart to heart talk is the best way to strengthen a relationship. Sometimes I failed to hand in my homework on time, but he was happy when I tell him the truth. He didn't set too many rules in class and allowed students to think for them. He is a very good person and teacher and that's why I consider him as an ideal teacher.

Childhood memories are very important in our lives. They shape our personality and future. They remind us of the good times and help us to plan for our uture Moreover, they remind us of past experiences and mistakes which help us to improve ourselves.
