The second Term Exam

Different kind of leader

The name that many people all around the world keep repeating and waiting to see on screens today is « Abu Obaida »,a Palestinian freedom fighter best known as the masked man who managed to impose himself on the israeli occupier in the midst of a difficult, complex and fierce battle which turned him into a hero.

Despite living in very hard circumstances , Abu Obaida and his freinds are still fighting to rescue as many civilians as they can from the brutal massacre and savage genocide against their defenseless people in Gaza Strip since October 7th, that's why he rarely appears to deliver a speech

Unlike the speeches of the Arab leaders, when Abu Obaida delivers his carefully-worded and brief messages, millions of Arabs listen and listen carefully because his target audience is universal : « Our steadfast people », « Our Arab and Muslim Nations » and equally important « Free people of the world ».

Abu Obaida has grown significantly to represent a new generation of Palestinian and Arab leaders, one that is often juxtaposed with those who are considered lakeys to Washington and its Western allies.
