Second Term English Test

Text:

A magnitude 4.9 earthquake hit eastern Algeria, Mila province on Friday August 07, 07:15 am. Around 122 houses have been damaged including three houses and a four-storey villa that were destroyed. Luckily, there were no casualties reported, only injuries. The earthquake has left severe damages on the structures and infra-structures in different areas of Mila.

From the very first moment, the Algerian Red Crescent, which is an Algerian humanitarian volunteer organization founded in 1957, activated an emergency plan. ARC provided hot meals and food baskets, emergency shelter and shelter items including: family tents, blankets, kitchen sets.
