# English Experimental Exam

## TEXT

I am Jack Ma, I was born on 10th September 1964 in Hangzhou, C hina in a poor family. As a teenager, I used to guide tourist for free just to improve my English.

I knew that the only way I could get rid of poverty, was through education. I started applying for different colleges , but got rejected from each of them .Even after applying for 30 different jobs ,all I ever faced ,was plain rejection in three simple words «You are not good ».When I applied a job at KFC ,I was the only who get turned down out of 24 people .

In 1995, when internet was blooming ,I was shocked when no result appeared from China, when I searched « Soda ».And that's when I came up with an idea of an online marketplace named ALIBABA .Unfortunately, I couldn't make it profitable and it was about to go bankrupt. So I asked 17 of my friends to invest in my vision because I learnt to be self confident and still believed in my idea, and soon « ALIBABA » became the largest e-commerce store in the world.

Today ,I am the richest man in China and I have a net worth of $33 billion .My story could teach you that it is never too late to believe in yourself and to never give up or lose hope , all you need to be perseverant and to achieve your dreams.
