Text

Djamaa Al Djazaïr also known as the Great Mosque of Algiers. It is an outstanding and the most famous mosque in Algeria, which is located in Al Mohammadia, Algiers. It is the third-largest mosque in the world after the Great Mosque of Mecca and Al-Masjid an-Nabawi of Medina in Saudi Arabia.

The construction of the mosque began in August 2012 after the Algerian government's contract, for 1 billion Euros,. It was designed by the German architects KSP Juergen Engel Architekten and Krebs Und Kiefer International and it was completed by April 2019. Around 2,300 workers from China, Algeria and other African countries were deployed to work on the project. It is equipped with a prayer hall with an area of 20,000m. The prayer hall has a capacity of 37,000 worshippers, while the structure including the compound can carry out to 120,000 worshippers and has parking space for 6,000 cars. The complex also contains a Quran school, a park, a library, staff housing area, a fire station, a museum of Islamic art, and a research center on the history of Algeria.

The mosque also has a 265 m (869 ft) tall minaret, which makes it the tallest building in Africa. It also contains an observation deck atop the minaret, which has 37 floors. The mosque is designed to withstand an earthquake of 7.3 …
