Text:

Dear Algerian friend,

Hello. How are you doing? I'm writing to you because I'm happy to be your pen friend. Thank you for the photo. It's really beautiful!
In your last letter, you asked me for some information about an English outstanding figure, for your school project. That's okay!

Agatha Mary Clarissa Miller was a great novelist. She was born on 15th September 1890 in Devon, England. This great writer was also called Agatha Christie.

Agatha grew up in a wealthy family. During both world wars, she served in hospitals, acquiring a thorough knowledge of poisons which featured in many of her short stories and plays. She is best remembered for her detective novels including the two characters "*Miss Marple*" and "*Hercul Poirot*".

In 1926, Christie released "*The Murder of Roger Ackroyd*" which is considered as the best crime novel ever. She died on the 12th January 1976 in Oxfordshire, England.

This is all I know about this British genius writer of all time. I'm looking forward to hearing from you soon. Take care of yourself.

Best regards,
Kirsie
