THE SECOND TERM TEST OF ENGLISH

THE TEXT:

Thomas Edison

Thomas Edison is a famous American inventor. He was born on February 11th, 1847 in Ohio, The USA. Then, his family moved to Michigan where Edison spent his childhood. He did not attend elementary school. He was homeschooled by his mother. He used to sell vegetables and newspapers on trains. He was interested in reading too. In 1871, Thomas Edison got married to his wife who was named Mary Stilwell. He had six children.

Thomas Edison opened his own research lab where he worked on many inventions. He invented the first lamp in 1879. He also invented other successful works like the phonograph. Edison died on October 18th, 1931 in New Jersey, the USA.
