THE FIRST TERM ENGLISH TEST

A Syrian child prodigy

Sham Bakour is a seven year old Syrian young girl and the Winner of the Arab Reading Challenge competition held in the United Arab Emirates in its sixth edition for this year 2022 with the first participation of Syria.

The little Champion managed to stand out of 22 million pupils from 44 Arab countries participated in this challenge after being listed among the 18 finalists in Dubai.

Sham is keen on reading and writing, With much encouragement from her mother and school, she read 70 books and she was awarded a prize of 1 million Dirham.

She hates violence because her father was killed during the civil war in Syria in 2015.

Sham can speak Arabic and French fluently ,but she can't translate books yet.

The little champion is courageous , ambitious ,kind and smart. In the future she would like to be a successful and famous scientist .
