The Third Term English Exam

Text : **London**

London, the capital city of England and the UK, is the world's ninth largest city. It is situated on the banks of the river Thames, in southeast England. London was built by the Romans about 2000 years ago, when they invaded England in 43 AD. They called it Londinium. It is now made of two ancient cities which are joined together.

The city of London which is the business financial heart of the united kingdom. It is known as the square mile. (2.59 sq km / / 1sq mi).

The city of Westminster, where parliament and most of the government offices are located.

Together they make up a region known as Greater London. It now had a population of over seven million, making it by far the most populous city in Britain.
