The Future Scientist

Hello Friends, my full name is SABER Mohamed. I am 12 years old. I'm an Algerian Schoolboy. I belong to the martyrs land "Algeria", I live in Hessainia with parents and sister and I'm a pupil at El-MEHDI Mohamed Middle School Hessainia 2. My classroom "2 M.S 3" is one of the best classes at our school.

I love Mr.CHERIF Redhouane and his great work at "The Green Club". Since I'm a member in it, I have many friends who like volunteering activities. I have been also a member in "Sifar Club" for 2 year. Sifar's name is taken from a famous place in the southern of Algeria. My classmates and friends always say that I'm clever and that makes me shy! .In fact, I'm not the most intelligent in my class. My partner Asmaa is more perseverant than me.

Unlike my dad, my mother wants me to be famous and genius just like Dr. Belgacem HABA. My uncle wants me to be a teacher, whereas my aunt wants me to become an officer. I like my parents and I never disobey them, so I have decided to be a scientist in the future.
